Dear Mr. Arora,

I would like to extend my thanks to you and your dedicated team of professionals in our District for providing such valuable support during "BAL JYOTI", a government programme aimed at providing free treatment facilities to the school children with low vision through holding camps in all schools of District Malkangiri.

We appreciate the time and effort put in by your organization in monitoring this mega event and also for providing eye specialists for the program. We would always appreciate to receive your support in future as well.

With Best Wishes.

Collector : Malkangiri
